## CHAPTER (5)     Guided Reading Strategies 5.1

### Human Geography

**READING THE SECTION** As you read the section, examine the riddles below. Solve each riddle by writing the correct word or words in the space provided.

_____ **1.** "I am the statistical study of human populations. I am closely related to population geography. What am I?"

_____ **2.** "I am the average number of people living in an area. You can express me as persons per square mile. What am I?"

_____ **3.** "I am the number of births each year for every 1,000 people living in a place. What am I?"

_____ **4.** "I am the total number of deaths each year for every 1,000 people. I contribute to population change. What am I?"

_____ **5.** "I am the process of moving from one place to live in another place. What am I?"

_____ **6.** "We are people who leave a country to live somewhere else. Who are we?"

_____ **7.** "We are people who come to a new country to live. We can affect that country's population. Who are we?"

_____ **8.** "We cause people to leave a location. Geographers analyze us to study migration. What are we called?"

_____ **9.** "We attract people to live in a new location. For example, we could be a better job or higher wages. What are we?"

_____ **10.** "We are people who have been forced to leave our home and cannot return. We flee political unrest and wars. Who are we?"

**POST-READING QUICK CHECK** After you have finished reading the section, in the space provided, explain what natural increase is and how one can determine a country's rate of natural increase.
